

PULMONARY DEPARTMENT

Potential Clinical Trial Patients
Catchment area: **580 000**
Annual out-patient visits: **20 300**
Annual in-patient admissions: **4000**

COPD

ASTHMA

BRONCHIECTASY

ALFA-1-ANTITRYPSINE DEFICIENCY

SLEEP APNEA

CHRONIC COUGH

IPF AND NON-IPF ILD

SARCOIDOSIS

VASCULITIS

LUNG CANCER

MESOTHELIOMA

THYMOMA

IN-HOUSE COLLABORATIONS

- ✓ Thoracic radiology
- ✓ Laboratory services
- ✓ Pathology
- ✓ Pharmacy
- ✓ Cardiology
- ✓ Thoracic surgeon
- ✓ Ear-nose-throat

RECRUITMENT STRATEGY

- ✓ Data warehouse reports
- ✓ Referrals from private pulmonary out-patient centres (on-demand)
- ✓ Nation-wide referrals from hospitals
- ✓ Publicly reimbursed Patient Travels

INDUSTRY-INITIATED STUDIES 2025

72 patients

285 visits

19 ongoing studies

3 new studies
